Removable From Office if They Do-Law on the Back of Their Certificates of Appointment Declared Unconstitutional -They Are Public Officers.

ALBANY, May 7.- The Appellate Division handed down a decision to-day to the effect that policemen and firemen are public officers so far as the Constitutional provision which prohibits public officers from using passes is concerned. The case came up as a result of the Mayor of Albany endeavoring to compel the local traction company to carry free members of the Albany Police and Fire departments who presented certificates from the Mayor of resented certificates from the Mayor free moloyment by the city either as firemen or policemen. The Mayor held that the firemen and policemen were public servants as distinguished from public officers. The court denies this contention.

The court also says that the act of 1895 the propositional heaves in compreliting.

A person who violates any provision of this section shall be deemed guilty of a misdemeanor, and shall forfeit his office at the suit of the Attorney General. Any corporation, or officer, or agent thereof, who shall offer or promise to a public officer any such free pass, free transportation, franking privilege or transportation shall also be deemed guilty of a misdemeanor and liable to punishment except as herein provided.

WOODRUFF TROUBLES PARTY.

KINGS INSISTS ON RENOMINA-TING THE LIEUT.-GOVERNOR.

Intimation That the State Machine Will Roll Over the County Machine Hard If That Isn't Dropped - Senator

Higgins of Olean Is on the Slate. Lieut.-Gov. Timothy Lester Woodruff of Kings has sailed away to Europe to be gone for a couple of months, and with Gov. Odell out of the State and Senator Timothy E. Ellsworth, President pro tem. of the Senate, also absent, Speaker S. Frederick Nixon of Westfield, Chautauqua county, is acting Governor. Gov. Odell expects to return to Albany on May 23. Meanwhile Speaker Nixon will rustle around in the executive chair at Albany and ascertain how it feels to be Governor.

Mr. Woodruff desires to be nominated for the fourth time for Lieutenant-Governor by the Republican State Convention this fall. There is no mistake about this, for it comes directly from Mr. Woodruff and his personal friends. The proposition for several months has been to nominate for Lieutenant-Governor this fall Senator Frank Wayland Higgins of Olean, Cattaraugus county. Indeed, Senator Platt and others of the Republican leader's friends have spoken up for Senator Higgins, and in view of this situation Senator Horace White of Syracuse has definitely withdrawn himself as a candidate for Lieutenant-Governor.

nimself as a candidate for Lieutenant-Governor.

The personal friendship between Senator Higgins and Senator White is so strong that either would give way to the other in political matters. While nothing has been settled concerning Senator Higgins and the Lieutenant-Governorship, it has been all along considered that Mr. Higgins was to get the nomination.

Now, however, Mr. Woodruff speaks up and says that he wants to be nominated for the fourth time, and his friends in Kings county declare that he must receive this extraordinary honor or there will be a circus in the Republican State convention. Mr. Woodruff and his friends believe that he should be nominated again in order to keep him in Republican State politics; that Mr. Woodruff cannot afford to drop out for a year or two, as he has not the personal or political strength to stand such a hiatus.

Things from a Republican Kings county the pretty well tangled up in Kings county. Things from a Republican standpoint are pretty well tangled up in Kings county and the organization in the Heavenly Borough is not regarded with particularly high favor just at the moment. Still Mr. high favor just at the moment. Still Mr. Woodruff's friends declare that he must be nominated for Lieutenant-Governor they will know the reason why, and it looks now, from all that can be ascertained, as if the Republican State Convention would roll over Mr. Woodruff and his lieutenants if they are not mighty careful

The third period was a battle royal, and neither scored for seven minutes. After some smart skirmishing Havemeyer snatched the ball and carried it down the field, but missed his goal by less than a foot. When Whitney knocked it out Havemeyer was again on it, and with some jostling and rough play the ball went through the goal, giving the second team the game by a score of 5 to 4.

Paine's Celery Compound

Nervous Prostration, Hysteria, and Sleeplessness.

Banishes

Any intelligent man or woman can easily detect victims of nervous troubles by taking a ten minute walk on any of the crowded streets of our cities or towns. The observer will note countenances full of feverish anxiety, harassed looks, unsteady hands, faltering steps, twitching muscles, pallid faces, and startled, anxious looks when unusual noises are made. Such people are, without doubt, victims of nervous prostration, hysteria, or insomnia. The whole system suffers-the brain, the spinal cord, and the sympathetic system. It is unnecessary to dilate minutely on

the causes of nervousness. Business cares and disappointments, haste after riches and honors, social and household worries, sexual and alcoholic excesses, watching and anxiety, and loss of near and dear ones, all contribute to the breaking down of the nervous organism of men and women. In earnest words we set before this afflicted class the truth that Paine's Celety Compound affords a speedy and sure cure

The Sunday Sun Carries Sunshine With It.

Here is a violation of confidence. It comes from a man's letter to a girl who loves him and who proves it by sending the Sunday Sun way up beyond Winnipeg to him every week: "What bothers me now

dear, is wondering how I ever failed to understand why you and your mother were Sunday SUN cranks. I used to think I was too busy to read newspapers. There is no such superstition hanging around me now; so, naturally, I have had a chance to see what here was in THE SUN. It is home, club, business and town for me here. Don't ever stop sending it unless you are to come in its place yourself. unless you want me to die of loneliness and gloom.

"No, you needn't send any more of the others, thanks. Every room ! the shack is papered now and we haven't any more use for them This is quoted to show that sometimes a little deprivation teaches us a lot about the compara-

tive value of things.
